

Communication

Date	01 July 2026
Team ID	xxxxx
Project Name	Rising Waters: A Machine Learning Approach to Flood Prediction
Maximum Marks	1 Mark

Communication Plan:

Effective communication is essential for a successful project demonstration. This document outlines the communication strategy used within the team and with stakeholders throughout the project lifecycle, including how updates, issues, and feedback were managed.

S.No	Communication Type	Frequency	Channel / Tool	Participants	Purpose
1	Team Standup	Daily	Google Meet / WhatsApp Group	All team members	Share daily progress, blockers, and plan next steps
2	Progress Update	Weekly	Google Meet	All team members + Mentor	Review weekly milestones and overall sprint progress
3	Issue / Bug Discussion	As Needed	WhatsApp Group	Assigned developers	Discuss and resolve technical issues or blockers quickly
4	Stakeholder Review	Bi-Weekly	Google Meet	Team + Project Mentor	Present progress, demo interim results, and gather feedback
5	Final Demo Rehearsal	Once	Google Meet	All team members	Rehearse the final project demonstration before submission
6	Documentation Sync	Weekly	Google Docs / Email	All team members	Update and review shared project documentation

Communication Challenges & Resolutions:

S.No	Challenge Faced	Resolution / Action Taken
1	Coordinating schedules across team members in different time zones/availability	Fixed a common daily standup time and used a shared Google Calendar for all sessions
2	Delayed responses on non-urgent queries slowing down minor decisions	Set up a dedicated WhatsApp group for quick, informal clarifications
3	Occasional overlap or confusion on task ownership between members	Maintained a shared sprint tracker (task board) to clearly assign and track ownership
